# THE MASTER FORMULA (QUASM):

**QU + A + S + M**

| Question Word | Auxiliary Verb | Subject/Actor | Main Verb |
|---|---|---|---|
| Why, Where, How……. | do, does, did, has, is, can, may…… | you, the team, he | live, leave, write |

**Example**: Where (QU) + do (A) + you (S) + live (M)?

# SUBJECT VS. OBJECT QUESTIONS

## PATH A: **OBJECT** QUESTIONS

Target: Receives the primary action.

Rule: Requires Auxiliary Verb (QUASM).

Formulas:

WH + Aux + Subject + Main Verb?

- Who did you meet?
- What does she teach?

## PATH B: **SUBJECT** QUESTIONS

Target: The missing initiator or actor.

Rule: No Auxiliary is inserted!

Formulas:

WH-Word + Main Verb directly?

- Who called you?
- What happened?
- Which team won?

**Critical Rule: If the WH-Word performs the subject's actions, never use do, does, or did.**

# ACTIVE LEARNING CASE:

CHALLENGE TASK: REVERSE-ENGINEER THE CLUES TO CONSTRUCT THE QUESTIONS.

| Found Evidence / Statement: | | Target Question Structures: |
|---|---|---|
| 1. It cost $500. | | ➢ How much did it cost? |
| 2. I've been living in Dhaka for 5 years. | → | ➢ How long have you been living in Dhaka? |
| 3. The CEO will deliver the keynote speech. | | ➢ Who will deliver the keynote speech? |

# CASE ANALYSIS:

The man who hawks many things on the road is called a street hawker. He generally buys his goads at a cheaper rate and sells them at a good profit. Mostly, it is seen that his customers are children and women . He speaks in different ways to draw the attention of his customers. Normally, the life of a hawker is not so easy. He has to work hard to manage his livelihood. Though he works hard, his income is very poor. So, he lives under the poverty line.

## Formulate the WH-Questions:

**Target: Role**

- Who is called a street hawker?

**Target: Audience/Object**

- Who are his main customers?

**Target: Motive**

- Why does she speak in different ways?

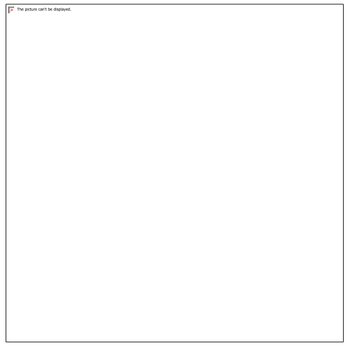

**Target: Method**

- How does he earn his livelihood?

**Target: Reason**

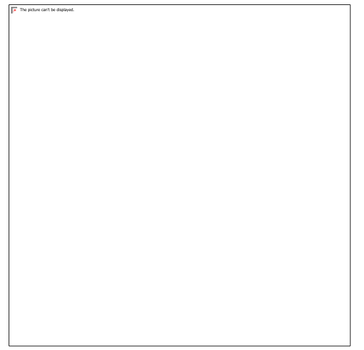

- Why does he live under poverty line?

# COMMON TRAPS & PITFALLS:

| AMATEUR FAILURE | PROFESSIONAL STRUCTURE | DIAGNOSTIC MECHANICS |
|---|---|---|
| Where you went yesterday? | Where did you go yesterday? | Omission of auxiliary verb 'did'. |
| Why did you went there? → | Why did you go there? → | Double past tense marker redundancy |
| Why you are late? | Why are you late? | Faulty statement word order used. |
